

Medical Alert System

Maintain your independence.

In the event of a fall or other emergency, a medical alert system provides 24/7 assistance at the push of a button. Our highly trained Care Specialists will notify emergency services and the friends and family members on your contact list.

MEDICAL ALERT SYSTEMS PROVIDE SECURITY, PEACE OF MIND, AND INDEPENDENCE.

HOW IT WORKS

- 1 Press your Help Button.**
A medical alert customer presses their Help Button.
- 2 Care Specialists are ready to assist you.**
A Care Specialist addresses the need.
- 3 Help is on the way.**
EMS is contacted and dispatched. The Care Specialist will stay on the line until help arrives.

FLEXIBLE OPTIONS

AT HOME

A medical alert system provides 24/7 help at the push of a button.

No Landline, No Problem.

Our system works even for customers without a traditional landline.

AND ON THE GO!

Our mobile solution can quickly get you help when you're on the go.

Enhanced Location Services with GPS

Our mobile solution with GPS helps identify your location in the event of an emergency.

Frequently Asked Questions

**HERE ARE THE ANSWERS
TO SOME FREQUENTLY
ASKED QUESTIONS
ABOUT OUR MEDICAL
ALERT SYSTEM**

Do I have to sign a long-term contract?

No. There are no long-term contracts. You may cancel at any time and you will not be responsible for any additional payments.

Will this medical alert system work in my neighborhood?

Yes. This medical alert system works everywhere in the United States.

How reliable is the Monitoring Center?

All of our monitoring is done at a UL Listed, CSAA Five Diamond monitoring center staffed 24/7 by highly trained Care Specialists.

What if I am unable to speak when I press the help button?

If they cannot hear you, the Care Specialists will follow your personalized emergency contact instructions.

What happens if I accidentally push the Help Button?

Simply tell our Care Specialist that help is not needed. There are no additional charges for requests for help whether real or accidental.

What if my medical alert system requires service

A replacement system will be shipped at no cost to you.

What if I move or go on vacation?

You can easily unplug the system and take it with you. Simply notify us of your new location.

Can more than one person be protected at my home?

Yes. You can order a Help Button for an additional person.

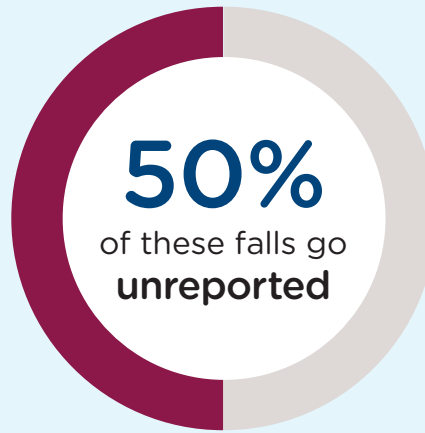

How quickly can I get service?

Once your order is placed, we will immediately start processing your system. Once you receive the system, you will be able to set it up yourself.

Falls Happen

**AMONG OLDER ADULTS,
FALLS ARE THE LEADING
CAUSE OF INJURY DEATH.**

Every **17** seconds
an older adult will be
hospitalized after falling.

6.3 billion dollars
annual cost of fall-related
emergency care for seniors.

Fall Prevention Checklist

AROUND THE HOUSE

- Arrange furniture for ease of movement
- Purchase socks and slippers with grip on the bottom
- Keep appliance cords out of the way or tie with twist ties
- Move commonly used items within reach on low shelves
- Use carpets and rugs with skid proof backing

BATHROOM

- Install grab bar in shower or next to bathtub
- Use wall-mounted soap dispenser
- Use non-slip mats or carpet
- Use raised toilet seat
- Install hand held showerhead

STEPS AND STAIRS

- Install handrails on stairs and pathways
- Apply bright colored tape to steps
- Install bright lighting
- Secure carpets with tacks or nails
- Keep free of clutter

In the event of a fall, a medical alert system can get you help quickly.
